1. The minutes of the 29th meeting were approved. A minor editorial adjustment was entered on the record as requested by Army's representative.

2. Continuation of the needs for Eastern European Satellite exploitation:

a. Mr. Gordon stated that the needs of Army's Technical Services would be adequately covered by the requirements of OSI and ORR/CIA.

25X1A

[REDACTED] stated that NSA's needs covered the same scope as their requirements for the USSR plus information on communications, such as movement of equipment, changes in lines, etc.

b. CIA: [REDACTED] had only a partial list of needs as follows: complete exploitation of Party publications; translations of all official gazette indices; and press coverage on countries where joint press coverage is not in existence, and stated that he would present the remainder later.

The Chairman stated that after numerous conferences and meetings with IAC offices and the examinations in the Subcommittee it would be possible for FID to draft a memorandum outlining a program of exploitation for FID on Eastern Satellite publications. The Subcommittee agreed that this would

be helpful and it was agreed such a paper would be prepared and transmitted to the members for review and discussion. The Chairman stated that it now appears that it might be practical and desirable that FDD exploit only the Eastern Satellite provincial press and requested that the representatives consider the point for discussion at a later date.
